

Dear Friends,

Phoenix Children's Chorus (PCC) is proud to be Arizona's premier youth choral program. For 40 years, PCC has supported over 300 children annually in kindergarten through 12th grade who come from culturally, economically, and developmentally diverse backgrounds across the valley. We are thrilled to announce our upcoming annual fundraising gala event **Rock the Night Gone Country** March 8, 2025, at Shrine Auditorium and we would be honored to have your support as a community partner.

Rock the Night Gone Country is a prestigious gala and live fundraising event that brings together community members and businesses to further PCC's mission and vision of life changing choral music experiences for children. The success of this event is crucial for the continued growth and impact of our organization's ability to "transform lives through music".

Thanks to supporters like you, our organization is increasing our impact around the valley and beyond. This year we launched our newest program, *Tutti*, an inclusive and adaptive choir program designed to welcome children with and without disabilities. We are furthering our international impact and the cultural development of our choristers with two of our choirs touring to Japan in June of 2025. Through the continued efforts of *Rock the Night Gone Country* we anticipate even more opportunities in the future to ensure that all children have access to a quality music education.

We hope that you will consider donating an item, gift card, service, tickets, or experience to be used in our live auction, silent auction, or raffle. In return, we will display your company's name at our auction, on our website, and on our online auction site. Phoenix Children's Chorus, a 501c3 non-profit, is supported through grants, corporate donations, and personal contributions. Donations made to Phoenix Children's Chorus are tax deductible.

Email us at donations@pcchorus.org or call 602-534-3788 and we will be happy to arrange pickup, answer any questions or provide you with additional information.

We are so grateful for what our previous donors, sponsors and community partners have helped us accomplish throughout the years, from funding national and international travel, student scholarships, new programs, and so much more. We are immensely grateful to our past, present, and future donors and sponsors.

We hope you will contribute and join us as one of our community partners, and we thank you for your consideration.
